

PIPELINER GRINDING WHEEL

FOR BEAD GRINDING, TRANSITIONS & PIPE FACING

NEW: From the same company that brought you Tiger® Flap Discs and Roughneck® Stringer Bead Wheels comes the next innovation for Pipeliners.

Weiler's Pipeliner Grinding Wheels are designed specifically for pipeline applications. Whether grinding a bead, facing the land, prepping transitions, or fabricating in the yard, this wheel is ready to work out of the box, delivering consistent, aggressive grinding throughout the life of the wheel, eliminating the need to chip it.

Fast grinding and long life on the ROW and in the fab yard.

FEATURES & BENEFITS:

Do NOT Chip

(Operators will no longer feel the need to chip the wheel to get it to bite.)

Chatter Free Grinding

One Wheel for

GRINDING

NOTCHING

**RISE'N

#PIPELIFE

We worked directly with Pipeline Welders and Helpers to design our new Tiger® Pipeliner Grinding Wheels. They told us what they needed and we listened. They tested the wheels and we used their feedback to make them better, and we didn't stop until we had a design that exceeded all expectations.

Pipeliners spoke and we listened...

DO NOT CHIP

Hitting a grinding wheel to make it work is a waste of time, shortens wheel life, **but most importantly it's unsafe**. Tiger Pipeliner Grinding Wheels are designed to work right out of the box and continue to dig in throughout the life of the wheel. Operators will no longer feel the need to chip the wheel to get it to bite.

ONE WHEEL FOR NOTCHING AND GRINDING

Regardless of what wheel you use, always look for angle of use markings to ensure safe and proper use. Unlike other pipeline wheels, Tiger Pipeliner wheels are designed to be used for both notching at 90° and grinding the land.

SUPERIOR CUT AND LIFE

A blend of Zirconia Alumina and Ceramic grains bite into the bead and dig out the wagon tracks fast while the strong bond delivers long wheel life.

CHATTER FREE GRINDING

A unique bond formulation delivers a vibration free use for the entire life of the wheel for a better grinding experience.

TYPE 27 FOR PIPELINE

TIGER PIPELINER GRINDING WHEELS (AKA BEAD GRINDER, GRINDING DISK)

CERAMIC INFUSED / Fast Grinding & Long Life on Pipe

5/8" - 11 Arbor
